DETAILED ACTION

1. Applicant's election without traverse of group I and the species of figure 2 in the reply filed on 4-17-06 is acknowledged.

The claims drawn to the non-elected group(s) have been canceled. Additionally note, in an effort to expedite prosecution, claims 37,39, and 44 (each drawn to a non-elected embodiment) have been rejoined with the application as the base claims from which they depend have been determined to define allowable subject matter as noted below. A complete action on the merits for the rejoined claims is included herein.

2. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they do not include the following reference sign(s) mentioned in the description: edge 108 (pages 15 etc.). Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

3. Figure 1 should apparently be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action

to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

4. The disclosure is objected to because of the following informalities: in paragraph 35 – line 10, "56" should be –66--. In paragraph 37 – line 8, "56" should be –66--.

Appropriate correction is required.

5. Claims 1-2, 4, 7, and 29-44 are objected to because of the following minor informalities:

Claim 1 – line 18, "said flat bed" should be –said removable flatbed—for added clarity.

Line 19, "said stake members" should be –said stake members of said side panels" for added clarity.

Claim 29 – line 4, "of the subframe" should be deleted for added clarity. Line 7, --of said tailgate—should be inserted after "bottom" for added clarity.

Claim 36 – line 3, "side walls" should be –side panels—for consistency of terminology.

Line 4, "side walls" should be –side panels—for consistency. Line 5, "projections" should be –members on said side panels—for consistency of terminology/added clarity.

6. Claims 1, 2, 4, 7, and 29-44 are objected to for the minor informalities noted above but are otherwise allowable.
